This role is to give LiT's an opportunity to put into action what They have learnt.
Remaining a LiT in this small intentional group, brings more focus to the learning opportunities.

Camp staff discuss and invite a team who we see would benefit from this opportunity.

Maturity
Servant leadership
Personal faith Journey

Goal: Apply what you have Learned

Use the tools you have learnt to care for and look after the group you are assigned,

When leading for the first time you will be placed with a co-leader who you will match well and can learn from.

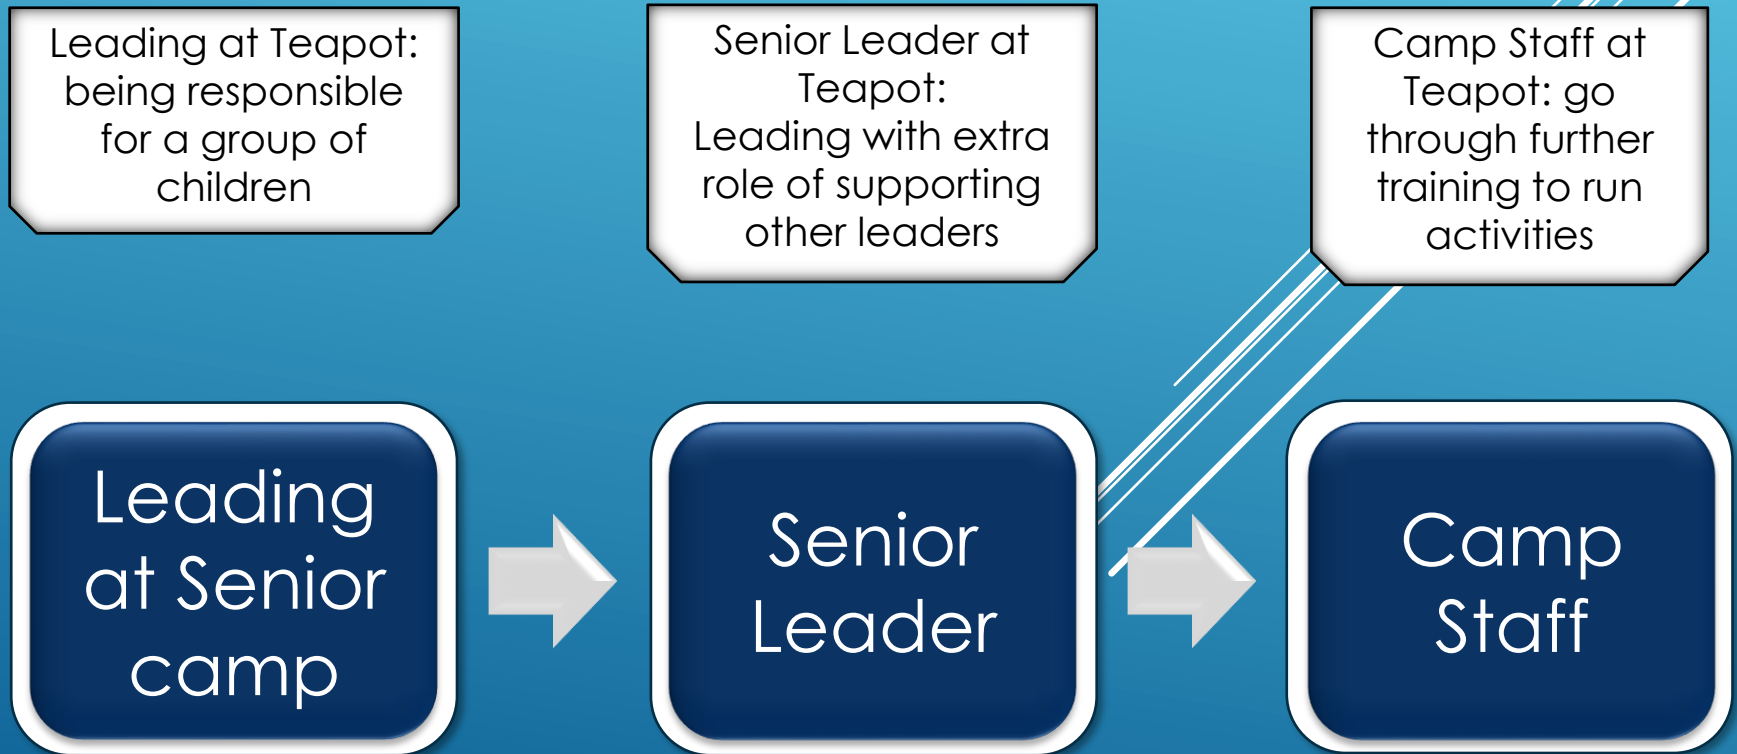

There is always more to learn when it comes to leading!

What does it look like to Lead at camp?

Once you're a leader at Teapot there is still ways to grow and for your role to change.

It is important to note:

Everybody has a different journey to becoming a leader.

No two people are alike.

Therefore, we will work alongside everyone slightly differently to see them learn the best they can.
